IIT KHARAGPUR

Sponsorship Package

2026-2027

@TEAMKART | @TEAM.KART

The Team

Formula SAE at IIT Kharagpur took a solid form in October 2008, when a group of enthusiastic students came together to form TeamKART. The project is carried out under the aegis of the Sponsored Research and Industrial Consultancy Cell (SRIC) and the Department of Mechanical Engineering, IIT Kharagpur. We are guided by our extremely competent faculty and are backed by our institute and sponsors.

Who

About 40 enthusiastic undergraduate students

What

Build a formula styled car and compete globally

Why

Because of our passion for automobile engineering

Where

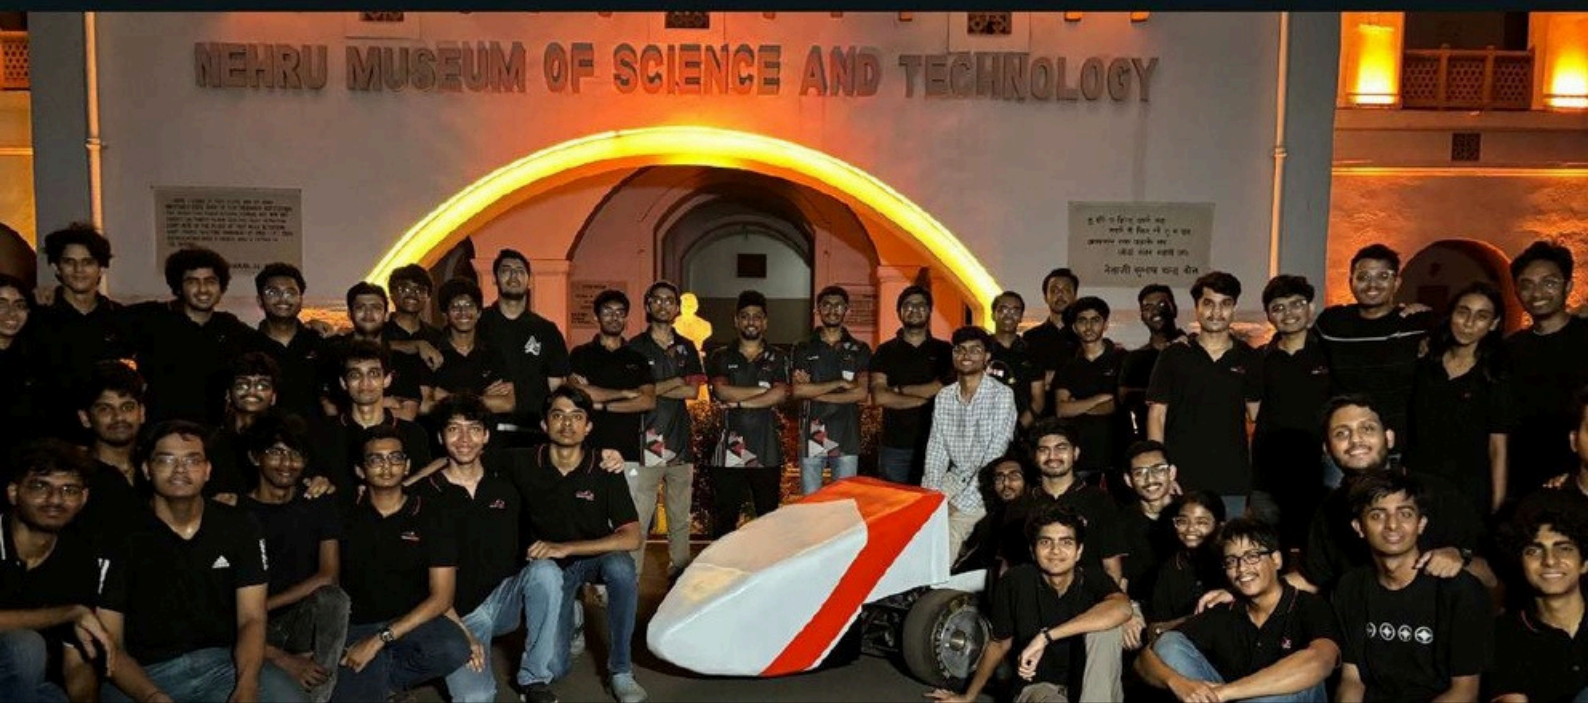

IIT Kharagpur

When

Everyday! All day!

How

By putting in more than 35000 man-hours

The Achievements

2008

DEBUT IN FS UK 2010 - KX1
Nominated for Airbus Teamwork Award

2010

FS UK 2011 - K1
Nominated for Airbus Teamwork Award

2011

FS UK 2013- K2
Finished within top 3 Rookie teams

2013

FS UK 2013- K2
First to pass Technical Inspection

2015

F5 Design Challenge 2015 - K2.2
2nd in BPP, 2nd in Cost report

2017

FB 2017 - K3
2nd in BPP

2019

FB 2019 - K4
Diffuser implemented

2020

FB 2020 - K5
Day-1 Clearance top 10 finish and 2nd in BPP

FSEV 2020
Top 5 finish

2021

FBV 2021 - K6
Overall champions, Best engineering design, Best Powertrain

2023

FB 2023 - K6
3rd in Cost report with and Overall 8th finish

2024

TEAMKART GOES ELECTRIC

2025

KE-1

The Future

KE-1

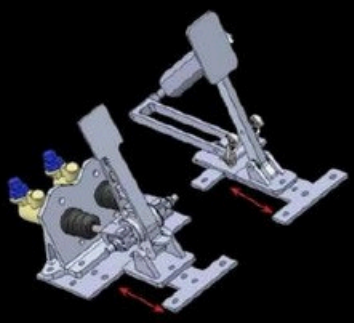

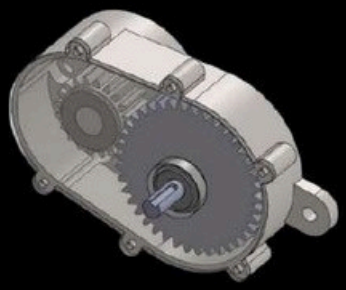

Electric Future

With a vast amount of knowledge garnered from its experience in Formula Student competitions, TeamKART aims to expand its horizons by developing an electric vehicle in the near future.

Furthermore, our first-ever electric vehicle, the KE-1, is in the works. Powered by a single electric motor(Agni 119R PMDC Motor), TeamKART is ready to enter the world of Formula Student Electric.

- The car boasts an aerodynamic and structurally rigid nose cone produced in-house using CFRP.
- The chassis is torsionally rigid and has a higher volume-to-weight ratio.
- Lap simulations were conducted to obtain an optimal final drive ratio of 6, which minimises lap times.
- The wheel hubs are structurally optimised and are resistant to fatigue.
- In-house data acquisition and telemetry systems were used to optimise vehicle performance.

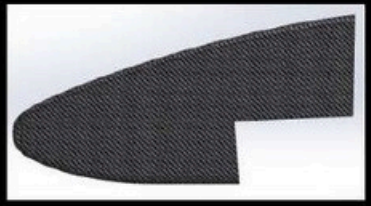

Branding Opportunities

Annual Alumni Meet

TeamKART annually hosts a show during the Alumni Meet where the car is showcased. This event draws the attention of all the visiting alumni and includes a photo session and interaction with the team

Workshops

We conduct workshops for over 500 undergraduate and postgraduate students, bridging theoretical knowledge with practical applications in mechanical and electrical engineering. Recently, TeamKART conducted an "Introduction to Automobile Engineering" workshop at Jadavpur University in Kolkata, with over 600 attendees.

Kshitij Techno-management Fest

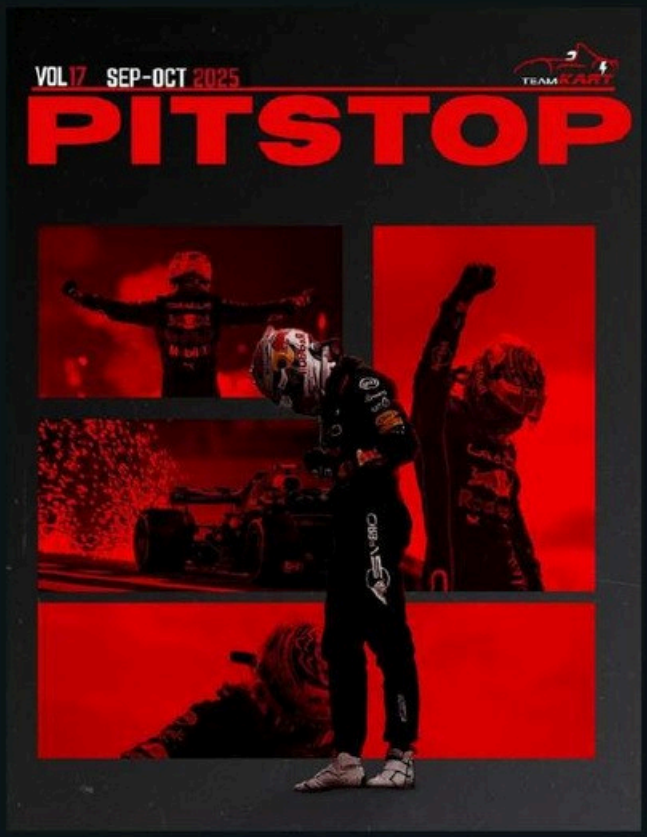

We conducted a workshop and car presentation at IIT Kharagpur's annual techno-management fest, Kshitij. The event draws over 50,000 participants from across the country. Eminent guest lecturers from the fields of science, technology, journalism, and business also attend the event.

Car branding deliverables

A unique opportunity to personalize your brand's representation by choosing the color of the race car and apparel, and by showcasing the brand's logo on the nose of the car and the driver's helmet.

Corporate and Social Responsibilty

By partnering with our Formula team as a sponsor, your company can contribute to its Corporate Social Responsibility (CSR) goals. Join us in supporting young talent and promoting skill development in our community while increasing your brand's visibility and reputation.

Deliverables before the event

The color of the car and apparel will be decided by the Title Sponsor

All sponsor's hosted on team's website with links to homepage and description

Every YouTube video will open and close with the Title Sponsor

Branding and Media coverage

Onboarding posters and short-form content on Instagram projected to an audience of **3K followers**

Dedicated sponsor's corner in monthly newsletter **"PITSTOP"** with monthly **1K** viewers

Ample publicity will be given to the sponsor on social networking sites like **Facebook, Instagram, LinkedIn and YouTube** a combined audience of **20K**

On-Campus Events & Workshops

Bay Tour

We organized a bay tour to give students a closer look at our workspace and race car. During the session, we showcased the vehicle and explained its key components, including the chassis, suspension, powertrain, aerodynamics package

Introductory Seminar

We organized an introductory seminar to provide students with a comprehensive overview of our team's vision, structure, and technical journey. The session focused on explaining the fundamentals of vehicle design, project management, and the collaborative effort required to build a competitive race car

On-Campus Events & Workshops

Grand Prix Streaming

We hosted a Grand Prix Stream organized by TeamKART to bring the excitement of race weekend to our campus community. The live screening featured real-time race coverage, strategic discussions, and interactive analysis of key moments, from overtakes to pit stop decisions. The session created an electrifying atmosphere for motorsport enthusiasts, fostering engaging conversations and a shared passion for Formula racing.

Deliverables during the Event

Major Sponsor

Title Sponsor

Co-title Sponsor

The Title Sponsor's,Co-title Sponsor's and Major Sponsor's logo shall be prominently and distinguishably displayed on the nose of the cars manufactured by the Team. The overall color scheme of the cars shall be influenced by the Major Sponsor's branding.

Associate Sponsor

The logo of the Associate Sponsor will be prominently visible on the sidepod of the cars manufactured by the team.

Apparels

Banners and Sponsor Backdrop

The sponsors' logos will be prominently displayed on team apparel, along with standees that will be set up at every TeamKART event

The sponsors' logos will be prominently displayed on team apparel, along with standees that will be set up at every TeamKART event
